

New and improved **Healthy Flora** now provides 275% greater potency with 15 billion live organisms per serving guaranteed through expiration. It features a pure strain of *Bifidobacterium lactis*, (formerly known as *B. infantis*^{††}), a highly effective, viable, and hearty bifidobacteria species. It is specially cultured and processed to remove all dairy products and lactose and is produced in a freeze-dried form for maximum stability and potency.

Healthy Flora can be used routinely by people of all ages (infants to seniors) to help maintain a healthy balance of intestinal flora.

This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

DIRECTIONS: Mix 1/4 to 1/2 teaspoon with four to six ounces of unchilled water one to two times daily.

Formulated to Exclude: Wheat, gluten, nuts, tree nuts, fish, crustacean shellfish, or artificial colors, sweeteners, or preservatives. See Allergen Statement.◊

NOTICE: For maximum stability and viability, keep refrigerated. However, product may be stored at room temperature for up to one week without adversely affecting potency. This makes Healthy Flora an excellent choice for travelers.

Product is filled by weight, not by volume. Contents will settle during shipping.

Do not use if seal is broken.
